

Grape Gondola

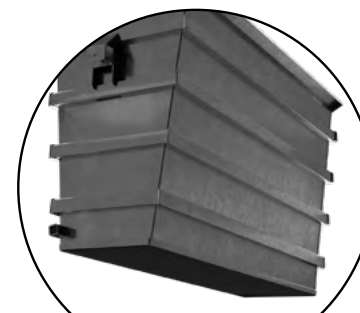

Standard double cylinder circuits gives better control during dumping.

Heavy Duty pivot points are fully greased and easy to maintain

Extreme Duty Tandem Walking Beam is standard on all models. These heavy parts add to the stability to the unit during unit dumping

Heavy Duty stainless steel hopper has extra bracing and a heavier base plate, providing a crack free service life of the hopper

Unique engineered chassis has counterweights built into the fully welded frame, ensuring an extremely stable dumping

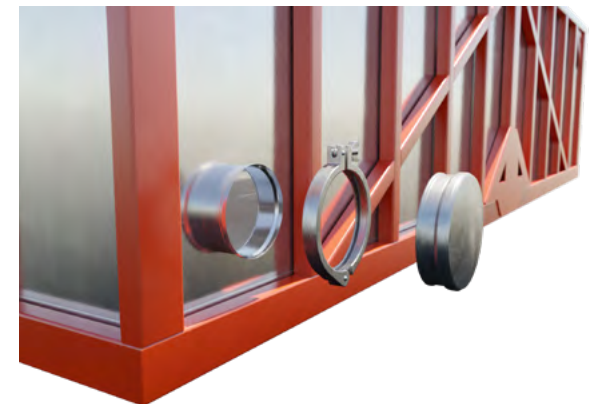

27 x 10.5-15 Skidsteer Tires
